

5 AUG 1980

STATINTL MEMORANDUM FOR: [REDACTED]  
Office of General Counsel

STATINTL FROM: [REDACTED]  
Deputy Director for Information Services, DDA

SUBJECT: Document Request - Office of Special Investigations,  
Department of Justice

REFERENCE: Your memorandum dated 24 July 1980; Same Subject

1. As you are aware, to respond to referrent memorandum, I queried our Classification Review Division, Information and Privacy Division, and Records Management Division concerning the subject matter of your memorandum. The following reflects the results of OIS' review:

a. Our Information and Privacy Division reports the only information it has would be concerning requests from the public asking for specific information which would have been obtained from components of the Agency which had documents responsive to the request. In most instances, this would be the DO.

b. Our Records Management Division advises that it has no information concerning the subject matter of your memorandum other than that presently possessed by [REDACTED] in the DO. As you are likely aware, the Agency has turned over to the National Archives and Records Service (NARS) several groups of material, but we know of no such materials still in the Agency other than those that might be within [REDACTED] purview.

c. Our Classification Review Division discussed this matter with the OSS review team and two points were noted:

(1) OSS R&A (research and analysis) reports in State records held at NARS contain many reports of atrocities, but there is no instance recalled where perpetrators were specifically identified; and

(2) The suggestion was made that you might wish to contact [REDACTED] of the Historical Intelligence Collection in NFAC.

In addition, CRD notes that [REDACTED] DO/CI Staff (extension [REDACTED]) is an expert in this subject matter and that [REDACTED] now retired but still living in the Washington area, was an expert on the [REDACTED] organization.

2. If OIS can be of any further assistance to you in this matter, please do not hesitate to contact us.
